the local cracks are included, among the mbeing the Doyles-Connie and H. E .- who will play in the doubles, and Miss Marie Wimer, entered in the women's singles. With the exception of the men's singles, the Lawn Tennis Association does

not allow titles for this tournament, and so only one challenge round will be played. The winner of this class will meet Louis I. Dovle, the present title holder, for the championship. Connie and Harold Doyle remained out of the game last year to give some of

the other players a chance, for between them, they had won the single's title so long it had become almost a custom. It is a question, however, if it is the thing for them to stay out of the tournament It is praiseworthy in them, personally but it lowers the standard of the tourns nent not to have the best players in th District among the contestants.
